RAPORT DE ACTIVITATE L LUNA IUNIE 2013

Total analize efectuate	**39331**
Microbiologie I	**18331**
Microbiologie II	**3944**
Hematologie	**3405**
Imunologie/ serologie	**539**
Biochimie	**12794**

Defalcarea pe sectiile spitalului, pe spitalizari continue/spitalizari de zi si tipuri de analize, este anexata la raport.

Analize propuse pentru acreditare de catre Consiliul medical in anul 2011, pentru care au fost cereri din partea spitalului, dar care nu au putut fi executate deoarece nu s-au achizitionat reactivii corespunzatori au fost:

- Teste imunocromatografice pentru antigen HBs si anticorpi anti HCV
- Teste imunocromatografice pentru diagnosticul mononucleozei infectioase
- Teste imunocromatografice pentru diagnosticul infectiei cu Helicobacter pylori
- Teste latex aglutinare pentru identificarea Rotavirusurilor din Materiile fecale
- Acid uric
- HDL si LDL Colesterol

Analize care nu s-au putut executa deoarece aparatele au fost deconectate pe perioada efectuarii reparatiilor in spatiile de lucru ale laboratorului (analize care in continuare nu vor putea fi executate deoarece calculatoarele necesare programelor lor de functionare sunt defecte sau avariate):

- Teste ELISA
- Hemoculturi in sistemul Bactaalert (sistem de alertare vizuala si sonora a hemoculturilor pozitive)

Analize care nu s-au executat deoarece nu au mai fost cereri din partea spitalului (cu toate ca au fost propuse pentru acreditare de catre Consiliul medical in anul 2011):

- Teste detectare Factori reumatoizi

Analize nou introduse din luna Iunie:

- Teste imunocromatografice pentru detectarea Toxinei A&B Clostridiun difficile din materiile fecale

Disfunctionalitatile aparute pe parcursul programului de lucru al laboratorului au fost cauzate in principal de:

- Lipsa unui numar adecvat de calculatoare racordate la SIUI al spitalului ;in prezent exista doar 2 calculatoare(unul la etajul 1 si altul la parterul laboratorului) disponibile pentru introducerea cererilor de analize si a rezultatelor acestora in SIUI
- Nerespectarea programului de receptiie a produselor patologice si de predare a

buletinelor de analiza, de catre personalul spitalului

-Achizitia tardiva a recipientelor necesare prelevarii produselor patologice ca si a unor reactivi pentru analizele de laborator, desi cererile de achizitionare din partea laboratorului au fost inaintate in timp util

- Prin lipsa sistemelor de aer conditionat in spatiile de lucru ale laboratorului , concomitent cu cresterile de temperatura specific e sezonului cald, alarma sonora a termostatului pentru culturi fungi, a intrat in functiune deranjand pacientii internati(in prezent s-au instalat 2 astfel de sisteme de aer conditionat, dar peste anumite anumite limite de temperatura pot fi afectate si celelalte aparate si echipamente din celelalte spatii de lucru ale laboratorului)

In luna Iunie a fost angajat prin concurs, un medic specialist in medicina de laborator

ANEXA 2

MODALITĂŢILE DE PLATĂ
în asistenţa medicală primară pentru furnizarea de servicii medicale prevăzute în pachetele de servicii medicale

ART. 1 (1) Modalităţile de plată în asistenţa medicală primară sunt: plata "per capita" prin tarif pe persoană asigurată, conform listei proprii de persoane înscrise asigurate şi

plata prin tarif pe serviciu medical pentru unele servicii medicale prevăzute Anexa nr. 1 la ordin, precum şi pentru serviciile medicale acordate pacienţilor din statele membre ale Uniunii Europene/Spaţiului Economic European, titulari ai cardului european de asigurări sociale de sănătate, în perioada de valabilitate a cardului, respectiv beneficiari ai formularelor europene emise în baza Regulamentului CE nr. 883 al Parlamentului European şi al Consiliului din 29 aprilie 2004 privind coordonarea sistemelor de securitate socială, respectiv în baza Regulamentului CEE nr. 1408/1971 referitor la aplicarea regimurilor de securitate socială salariaţilor, lucrătorilor independenţi şi membrilor familiilor acestora care se deplasează în interiorul comunităţii, după caz precum şi din alte state cu care România a încheiat acorduri, înţelegeri, convenţii sau protocoale internaţionale cu prevederi în domeniul sănătăţii .

(2) Suma cuvenită prin plata "per capita" pentru serviciile menţionate la lit. e) se calculează prin înmulţirea numărului de puncte rezultat în raport cu numărul şi structura pe grupe de vârstă a persoanelor asigurate înscrise în lista medicului de familie, conform lit. a), b) sau c), ajustat în funcţie de condiţiile prevăzute la lit. d), cu valoarea stabilită pentru un punct.

a) Numărul de puncte acordat în raport cu numărul şi structura pe grupe de vârstă a persoanelor înscrise asigurate se stabileşte astfel:

1. numărul de puncte, acordat pe o persoană asigurată înscrisă în listă, în raport cu vârsta persoanei asigurate înscrise:

Grupa de vârstă	0 - 3 ani	4 - 59 ani	60 ani şi peste
Număr de puncte/ persoană/an	11,2	7,2	11,2

NOTA 1*): Încadrarea persoanei asigurate, respectiv trecerea dintr-o grupă de vârstă în alta, se realizează la împlinirea vârstei (ex: copil cu vârsta de 4 ani împliniţi se încadrează în grupa 4 - 59 ani).

NOTA 2*): În situaţia în care în lista medicului de familie sunt înscrise persoane instituţionalizate (copii încredinţaţi sau daţi în plasament unui serviciu public specializat ori unui organism privat autorizat, persoane din centre de îngrijire şi asistenţă) potrivit legii, numărul de puncte aferent acestora se majorează cu 5% faţă de punctajul acordat grupei de vârstă în care se încadrează.

În acest sens, medicii de familie ataşează la fişa medicală actele doveditoare care atestă calitatea de copil încredinţat sau dat în plasament şi de persoană instituţionalizată;

NOTA 3*): Pentru persoanele încadrate ca şi persoane pensionate pentru cazuri de invaliditate, numărul de puncte aferent acestora este cel corespunzător grupei de vârstă "60 ani şi peste".

2. La calculul numărului lunar de puncte "per capita", conform art. 1 alin. (2), se iau în considerare persoanele asigurate înscrise în lista medicului de familie, existente în ultima zi a lunii precedente; În situaţia contractelor nou încheiate, pentru prima lună de contract la calculul numărului de puncte per capita se iau în considerare persoanele asigurate înscrise în lista medicului de familie prezentată la contractare.

3. Numărul optim de persoane înscrise pe lista medicului de familie, din punct de vedere al asigurării unor servicii de calitate la nivelul asistenţei medicale primare, care se ia în calcul pentru stabilirea necesarului de medici pe unitate administrativ-teritorială/zonă, este de 1.800.

4. Numărul maxim de persoane asigurate înscrise pe lista medicului de familie pentru care se acorda punctaj per capita în vederea decontării prin tarif pe persoana asigurată este de 2.200.

Excepţie fac situaţiile în care medicul cu listă proprie desfăşoară activitate într-o localitate în care numărul de medici este mai mic decât cel stabilit de comisia constituită conform art. 23 alin. (3) din Contractul-cadru privind condiţiile acordării asistenţei medicale în cadrul sistemului de asigurări de sănătate pentru anii 2011 – 2012, aprobat prin H.G. nr.1389/2010, cu modificările şi completările ulterioare.

5. Pentru un număr de 2.200 de persoane înscrise pe lista medicului de familie, programul săptămânal de activitate al cabinetului medical individual, precum şi al fiecărui medic de familie cu listă proprie, care se contractează cu casa de asigurări de sănătate în vederea acordării serviciilor medicale în asistenţa medicală primară este de 35 de ore pe săptămână. În situaţia în care numărul persoanelor înscrise pe lista proprie a medicului de familie este mai mare de 2.200, programul de 35 de ore pe săptămână se poate prelungi sau se poate modifica, în sensul schimbării raportului prevăzut la alin. (3) lit. b), cu asigurarea minimului de consultaţii la domiciliu necesare conform prevederilor cuprinse în nota 2 a lit. E din cap. III din Anexa nr. 1 la ordin.

În cazul prelungirii programului de lucru, pentru o listă cuprinsă între 2.200 şi 3.000 de persoane înscrise, programul se majorează cu 1 oră, iar pentru o listă de înscrişi mai mare de 3.000 programul se majorează cu 2 ore.

6. În situaţia în care numărul de persoane asigurate înscrise pe lista medicului de familie depăşeşte 2.200, plata per capita se realizează după cum urmează:

6.1 numărul total de puncte rezultat în raport cu numărul de persoane asigurate din listă şi structura pe grupe de vârstă se înmulţeşte cu raportul dintre 2.200 şi numărul de asiguraţi de pe listă, astfel:

$$\text{Nr. puncte de decontat} = \text{număr de puncte realizate} \times \frac{2.200}{\text{Număr persoane asigurate înscrise}}$$

6.2 pentru cabinetele medicale individuale care au angajat unul sau mai mulţi medici, în condiţiile în care totalul persoanelor asigurate înscrise pe listă este mai mic sau egal cu 4.000, numărul total de puncte se calculează după cum urmează:

$$\text{Nr. puncte de decontat} = \text{număr de puncte realizate} \times \frac{2.200}{\text{Număr persoane asigurate înscrise}}$$

la care se adaugă suplimentar un număr de puncte care se calculează astfel:

$$\text{Nr. puncte de decontat} = \text{număr de puncte realizate} \times \frac{(\text{număr înscrişi} - 2.200)}{\text{Număr persoane asigurate înscrise}} \times 0,5$$

6.3 pentru cabinetele medicale individuale care au angajat unul sau mai mulţi medici, în condiţiile în care totalul persoanelor asigurate înscrise pe listă depăşeşte 4.000, numărul total de puncte se calculează după cum urmează:

$$\text{Nr. puncte de decontat} = \text{număr de puncte realizate} \times \frac{2.200}{\text{Număr persoane asigurate înscrise}}$$

la care se adaugă suplimentar un număr de puncte care se calculează astfel:

$$\text{Nr. puncte de decontat} = \text{număr de puncte realizate} \times \frac{(4.000 - 2.200)}{\text{Număr persoane asigurate înscrise}} \times 0,5$$

6.4 În situaţia în care cabinetul medical se află într-o unitate administrativ-teritorială / zonă cu deficit din punct de vedere al prezenţei medicului de familie, stabilită de comisia prevăzută la art. 23 alin. (3) din Contractul-cadru privind condiţiile acordării asistenţei medicale în cadrul sistemului de asigurări sociale de sănătate pentru anii 2011 - 2012 aprobat prin H.G. nr. 1389/2010, cu modificările şi completările ulterioare, numărul total de puncte se calculează după cum urmează:

$$\text{Nr. puncte de decontat} = \text{număr de puncte realizate} \times \frac{2.200}{\text{Număr persoane asigurate înscrise}}$$

la care se adaugă suplimentar un număr de puncte care se calculează astfel:

$$\text{Nr. puncte decontat} = \text{număr de puncte realizate} \times \frac{(\text{număr înscriși} - 2.200)}{\text{Număr persoane asigurate înscrise}} \times 0,5$$

b) Medicii nou-veniţi într-o localitate - unitate administrativ-teritorială/zonă (oras, comună) - în condiţiile prevederilor art. 32 din Contractul-cadru privind condiţiile acordării asistenţei medicale în cadrul sistemului de asigurări sociale de sănătate pentru anii 2011-2012, aprobat prin Hotărârea Guvernului nr. 1389/2010, cu modificările şi completările ulterioare, încheie contract cu casa de asigurări de sănătate în aceleaşi condiţii ca şi medicii de familie care nu fac parte din categoria medicilor nou-veniţi, cu respectarea prevederilor art. 23 alin. (5) din Contractul-cadru privind condiţiile acordării asistenţei medicale în cadrul sistemului de asigurări sociale de sănătate pentru anii 2011 - 2012, aprobat prin Hotărârea Guvernului nr.1389/2010, cu modificările şi completările ulterioare, venitul se stabileşte conform lit. a).

d) Numărul total de puncte rezultat potrivit lit. a), lit. b) sau lit. c), după caz, se recalculează în următoarele situaţii:

1. în raport cu condiţiile în care se desfăşoară activitatea, majorarea este cu până la 100%, pe baza criteriilor aprobate prin Ordinul al ministrului sănătăţii şi al preşedintelui Casei Naţionale de Asigurări de Sănătate nr. 163/93/2008. personală prescrise în baza scrisorii medicale primite de la medicul de medicina muncii, se va completa prescripţie medicală distinctă;

b) investigaţiile paraclinice recomandate trebuie să fie în concordanţă cu diagnosticul, care se consemnează în fişa de consultaţie, în registrul de consultaţie şi în biletul de trimitere;

c) în cazul în care există suspiciune privind bolile cu potenţial endemo-epidemic, medicul de familie ia măsurile necesare pentru preîntâmpinarea sau restrângerea unor endemii/epidemii, respectiv pentru a izola şi raporta cazurile, conform prevederilor legale în vigoare. Pentru cazul în care măsurile necesare se refuză de către pacient, medicii vor apela la sprijinul organelor de poliţie şi al autorităţilor publice locale.

d) În unităţile de învăţământ în care nu există medic şcolar sau în centrele de vaccinări, pentru acele vaccinuri care se livrează în fiole cu mai multe doze individuale imunizările se efectuează de medicii de familie desemnaţi la începutul anului de direcţiile de sănătate publică şi comunicaţi caselor de asigurări de sănătate, care răspund atât de efectuarea inoculărilor, cât şi de verificarea stării de sănătate a persoanelor care trebuie imunizate. Medicii care au efectuat imunizările sunt obligaţi să raporteze nominal şi pe cod numeric personal (CNP) caselor de asigurări de sănătate şi direcţiilor de sănătate publică vaccinările efectuate. Casele de asigurări de sănătate sunt obligate să informeze medicii de familie pe a căror listă se regăsesc persoanele imunizate despre efectuarea acestor servicii medicale, pentru a fi trecute în registrul propriu de vaccinări şi în carnetul de vaccinări, dar fără a fi raportate ca activitate proprie.

e) medicii de familie au dreptul să încaseze contravaloarea serviciilor medicale la cerere, inclusiv pentru situaţiile programabile, dacă asiguratul solicită efectuarea serviciilor respective înaintea datei programate; În aceste situaţii, medicii de familie pot elibera bilete de trimitere sau prescripţii medicale utilizate în sistemul de asigurări sociale de sănătate si decontate de casele de asigurări de sănătate,în conformitate cu prevederile legale în vigoare, în cazul în care pacientul face dovada de asigurat.

ART. 3 (1) Pentru perioadele de absenţă mai mari de 30 de zile lucrătoare, medicul de familie organizează preluarea activităţii sale medicale de către un alt medic de familie; în cazurile în care acesta este în imposibilitate de a organiza preluarea activităţii, casele de asigurări de sănătate numesc un înlocuitor, cu avizul direcţiilor de sănătate publică. În ambele situaţii medicul înlocuitor trebuie să aibă licenţă de înlocuire temporară, iar preluarea activităţii se face pe bază de convenţie de înlocuire. Licenţa de înlocuire temporară se acordă de consiliile colegiilor teritoriale ale medicilor, cu înştiinţarea în scris a casei de asigurări de sănătate şi a direcţiei de sănătate publică. Pentru asigurarea condiţiilor în vederea preluării activităţii unui medic de familie de către alt medic, consiliile colegiilor teritoriale ale medicilor pun la dispoziţie medicilor de familie listele cu medicii de familie fără obligaţii contractuale aflaţi în evidenţa acestora, cum este şi cazul medicilor pensionari, care pot prelua activitatea în condiţiile legii.

În situaţia în care nu este disponibil un medic fără obligaţii contractuale confirmate de către consiliile colegiilor teritoriale ale medicilor, se poate prelua activitatea şi de către medicii aflaţi în relaţie contractuală cu casa de asigurări de sănătate, cu prelungirea corespunzătoare a programului de activitate.

Medicul este obligat ca în cazul în care se află în una din situaţiile menţionate mai sus, cu excepţia perioadei de vacanţă, să depună la sediul casei de asigurări de sănătate, documentul justificativ care atestă motivul absenţei.

(3) Pentru perioade de absenţă mai mici de 30 de zile lucrătoare, înlocuirea medicului absent se poate face şi pe bază de reciprocitate între medici, în acest caz medicul înlocuitor prelungindu-şi programul de lucru în mod corespunzător, în funcţie de numărul de servicii medicale solicitate de persoanele înscrise din lista proprie şi cele din lista medicului înlocuit. Pentru situaţiile de înlocuire pe bază de reciprocitate, medicul de familie înlocuit va depune anterior perioadei de absenţă, la casa de asigurări de sănătate, un exemplar al convenţiei de reciprocitate şi va afişa la cabinetul medical numele şi programul medicului înlocuitor, precum şi adresa cabinetului unde îşi desfăşoară activitatea. Înlocuirea medicului absent pe bază de reciprocitate între medici se face pentru o perioadă cumulată de maximum 60 de zile calendaristice pe an.

(4) În cazul în care medicul titular al unui cabinet medical individual are angajat medic/medici de familie, pentru perioadele de absenţă prevăzute la alin. (6) Medicul înlocuitor va îndeplini toate obligaţiile ce revin medicului înlocuit conform contractului de furnizare de servicii medicale încheiat de acesta cu casa de asigurări de sănătate.

ART. 4 (1) Reprezentantul legal al cabinetului medical încheie o convenţie de înlocuire cu medicul înlocuitor pentru perioade de absenţă mai mici de două luni/an, conform Anexei nr. 4 la ordin, avizată de casa de asigurări de sănătate, prin care se stabilesc condiţiile de înlocuire.

(2) Convenţia de înlocuire se încheie între casele de asigurări de sănătate şi medicul înlocuitor agreat de medicul înlocuit, pentru perioade de absenţă mai mari de 2 luni/an sau când medicul înlocuit se află în imposibilitate de a încheia convenţie cu medicul înlocuitor, conform Anexei nr. 5 la ordin.

(3) Convenţia de înlocuire devine anexă la contractul de furnizare de servicii medicale al reprezentantului legal al cabinetului medical.

ART. 5 (1) Medicul de familie poate angaja în cabinetul medical individual, organizat conform prevederilor legale în vigoare, medici care au dreptul să desfăşoare activitate ca medici de familie potrivit Legii nr. 95/2006, cu modificările şi completările ulterioare. Medicii angajaţi nu au listă de persoane înscrise proprie şi nu raportează activitate medicală proprie; prescrierea medicamentelor cu sau fără contribuţie personală şi, după caz, a unor materiale sanitare se face folosindu-se formularul-tip cu ştampila cabinetului şi parafa medicului angajat. Întreaga activitate a cabinetului medical se desfăşoară respectându-se contractul încheiat de reprezentantul legal al cabinetului medical cu casa de asigurări de sănătate.

(2) În cazul cabinetelor medicale individuale care au medic angajat/medici angajaţi, programul de lucru al medicului angajat/medicilor angajaţi se poate desfăşura în afara programului de lucru al medicului titular sau concomitent cu acesta. Activitatea medicilor angajaţi în cabinetul medical individual organizat conform prevederilor legale în vigoare referitoare la serviciile cuprinse în plata de serviciu se raportează la casa de asigurări de sănătate, prin reprezentantul legal al cabinetului medical individual, conform programului de activitate declarat pentru medicul angajat.

ART. 6 (1) Medicii de familie nou-veniţi într-o localitate - unitate administrativ-teritorială / zonă (oras, comuna) - încheie cu casa de asigurări de sănătate o convenţie de furnizare de servicii medicale pe o perioadă de maximum 3 luni - perioadă considerată necesară pentru înscrierea persoanelor beneficiare ale pachetelor de servicii în lista proprie, în care se prevăd obligaţiile şi drepturile furnizorului de servicii medicale, potrivit Anexei nr. 6 la ordin.

(2) În situaţia în care înainte de încheierea perioadei de 3 luni, prevăzută la alin. (1), numărul de persoane beneficiare ale pachetelor de servicii înscrise în lista proprie ajunge la nivelul minim necesar pentru încheierea unui contract de furnizare de servicii medicale în asistenţa medicală primară, medicii respectivi pot încheia contract conform Anexei nr. 3 la ordin şi înainte de data de expirare a convenţiei.

(3) În cazul în care medicul care a încheiat o convenţie potrivit alin. (1) nu reuşeşte să înscrie pe lista proprie, în termenul prevăzut, numărul minim de persoane beneficiare ale pachetelor de servicii prevăzut la art. 23 alin. (3) şi (5) din Contractul-cadru privind condiţiile acordării asistenţei medicale în cadrul sistemului de asigurări sociale de sănătate pentru anii 2011 - 2012, aprobat prin Hotărârea Guvernului nr. 1389/2010, cu modificările şi completările ulterioare, casa de asigurări de sănătate încheie contract de furnizare de servicii medicale cu acesta, conform anexei nr. 3 la ordin, pentru lista pe care acesta şi-a constituit-o până la data încheierii contractului, cu obligaţia din partea medicului de familie nou-venit ca în termen de maximum 3 luni de la data încheierii contractului să înscrie numărul minim de persoane beneficiare ale pachetelor de servicii prevăzut la art. 23 alin. (3) şi (5) din Contractul-cadru privind condiţiile acordării asistenţei medicale în cadrul sistemului de asigurări sociale de sănătate pentru anii 2011 - 2012, aprobat prin Hotărârea Guvernului nr. 1389/2010, cu modificările şi completările ulterioare, în caz contrar, contractul încheiat între medicul de familie nou-venit şi casa de asigurări de sănătate poate înceta la expirarea celor 3 luni, în condiţiile art. 23 alin. (6) din Contractul-cadru.

(4) Medicul de familie nou-venit într-o localitate - unitate administrativ-teritorială/ zonă (oras, comună) - într-un cabinet medical deja existent, conform art. 32 din Contractul-cadru privind condiţiile acordării asistenţei medicale în cadrul sistemului de asigurări sociale de sănătate pentru anii 2011-2012, aprobat prin Hotărârea Guvernului nr. 1389/2010, cu modificările şi completările ulterioare, încheie cu casa de asigurări de sănătate contract de furnizare de servicii medicale, conform Anexei nr. 3 la ordin.

ART. 7 Pentru stabilirea valorii unui punct „per capita” şi a valorii minime garantate pentru un punct pe serviciu medical , fondul aferent asistenţei medicale primare la nivel naţional pentru anul 2011 are următoarea structură:

1. 50% pentru plata "per capita" şi 50% pentru plata pe serviciu, după ce s-au reţinut sumele ce rezultă potrivit pct. 2;

2. Venitul cabinetelor medicale în care îşi desfăşoară activitatea medicii de familie nou-veniţi într-o localitate - unitate administrativ-teritorială / zonă (oraş, comuna), pentru o perioadă de maximum 3 luni, perioadă considerată necesară pentru întocmirea listei şi pentru care medicul de familie are încheiată o convenţie de furnizare de servicii medicale cu casa de asigurări de sănătate este format din:

a) suma echivalentă cu media dintre salariul maxim şi cel minim prevăzute în sistemul sanitar bugetar pentru gradul profesional obţinut, la care se aplică ajustările prevăzute la art. 1 alin. (2) lit. d) pct. 1 din prezentul ordin;

b) suma pentru cheltuielile de administrare şi funcţionare a cabinetului medical, inclusiv pentru cheltuielile de personal aferente personalului angajat, cheltuielile cu medicamentele şi materialele sanitare pentru trusa de urgenţă, egală cu venitul medicului respectiv stabilit potrivit lit. a) înmulţit cu 1,5.

ART. 8 Pentru calculul trimestrial al valorii definitive a unui punct pe serviciu, fondul anual aferent asistenţei medicale primare se defalchează pe trimestre.

ART. 9 (1) Valoarea punctului "per capita", unică pe ţară, este în valoare de 3 lei, valabilă pentru luna iunie şi trimestrul III 2011. Pentru trimestrul IV 2011 valoarea punctului „per capita” va fi prevăzută în norme şi se calculează în funcţie de fondurile aprobate cu această destinaţie care să asigure valoarea punctului „per capita” din trimestrul III 2011.

(2) Valoarea minimă garantată a unui punct pentru plata pe serviciu medical este unică pe ţară, pentru luna iunie şi trimestrul III 2011 este în valoare de 1,8 lei; pentru trimestrul IV 2011, valoarea minimă garantată a unui punct pentru plata pe serviciu medical va fi prevăzută în norme şi se calculează în funcţie de fondurile aprobate cu această destinaţie care să asigure valoarea minimă garantată din trimestrul III 2011.

(3) Valoarea definitivă a unui punct pentru plata pe serviciu medical se stabileşte trimestrial, până la data de 25 a lunii următoare încheierii fiecărui trimestru, ca raport între fondul aferent trimestrului respectiv pentru plata pe serviciu a medicilor de familie şi numărul de puncte pe serviciu medical efectiv realizate cu respectarea condiţiilor prevăzute la art. 1 alin. (3), şi reprezintă valoarea definitivă a unui punct pe serviciu, unică pe ţară pentru trimestrul respectiv.

Valoarea definitivă a unui punct pentru plata pe serviciu nu poate fi mai mică decât valoarea minimă garantată a unui punct pentru plata pe serviciu.

(4) Fondul trimestrial luat în calcul la stabilirea valorii definitive a unui punct per serviciu medical se determină astfel:

Fondul aferent asistenţei medicale primare pentru trimestrul respectiv, din care se scade suma pentru plata per capita precum şi venitul cabinetelor medicale în care îşi desfăşoară activitatea medicii de familie nou-veniţi într-o localitate, pentru o perioadă de maximum 3 luni, perioadă pentru care medicul de familie are încheiată o convenţie de furnizare de servicii medicale cu casa de asigurări de sănătate.

ART. 10 (1) Suma cuvenită lunar medicilor de familie se calculează prin totalizarea sumelor rezultate ca urmare a înmulţirii numărului de puncte "per capita" efectiv realizate şi a numărului de puncte pe serviciu efectiv realizate cu valoarea pentru un punct "per capita", respectiv cu valoarea minimă garantată pentru un punct pe serviciu medical.

(2) Suma cuvenită medicilor de familie pentru un trimestru se calculează prin totalizarea sumelor rezultate prin înmulţirea numărului de puncte "per capita" şi a numărului de puncte pe serviciu medical efectiv realizate în trimestrul respectiv cu valoarea punctului "per capita", respectiv cu valoarea definitivă a punctului pe serviciu medical.

ART. 11 Lunar, medicul de familie transmite caselor de asigurări de sănătate, până la termenul prevăzut în contractul de furnizare de servicii medicale încheiat cu casa de asigurări de sănătate, prin reprezentantul legal, întreaga activitate efectiv realizată în luna anterioară, care se verifică de către casele de asigurări de sănătate în vederea decontării şi se validează conform prevederilor contractului-cadru şi a prezentelor norme. Nerespectarea termenului de raportare atrage după sine nedecontarea la termenele stabilite a sumelor cuvenite pentru activitatea desfăşurată de medicul respectiv pentru perioada aferentă.

ART. 12 Persoanele înscrise care doresc să îşi schimbe medicul de familie vor adresa o cerere de transfer, al cărei model este prevăzut în Anexa nr. 2 A, medicului de familie la care doresc să se înscrie, precizând numele medicului de la care pleacă. Medicul de familie primitor are obligaţia să anunţe în scris (prin poştă), în maximum 15 zile lucrătoare, medicul de familie de la care a plecat persoana, precum şi casa de asigurări de sănătate. Medicul de familie de la care pleacă persoana are obligaţia să transmită fişa medicală (originalul), prin poştă, medicului primitor, în termen de 15 zile lucrătoare de la solicitare. Cabinetul medical de la care pleacă persoana păstrează o copie conform cu originalul a fişei medicală a acesteia, conform legii.

ART. 13 (1) Erorile de calcul constatate în cadrul unui trimestru se corectează la sfârşitul trimestrului, o dată cu recalcularea drepturilor băneşti cuvenite medicului de familie.

(2) Erorile de calcul constatate după expirarea unui trimestru se corectează până la sfârşitul anului, astfel: suma corespunzătoare numărului de puncte plătit eronat, în plus sau în minus faţă de cel efectiv realizat, într-un trimestru anterior, se calculează în trimestrul în care s-a constatat eroarea, la valoarea punctului "per capita" şi la valoarea definitivă a punctului pe serviciu, stabilită pentru trimestrul în care s-a produs eroarea, sumele respective afectând fondul pentru calculul valorii definitive a punctului pentru trimestrul în care s-a constatat eroarea şi implicit valoarea definitivă a punctului pentru trimestrul respectiv. În situaţia în care după încheierea anului financiar precedent se constată erori de calcul aferente acestuia, sumele plătite în plus sau în minus se regularizează conform legii.

(3) Eventualele erori de validare se regularizează trimestrial la nivelul caselor de asigurări de sănătate.

ART. 14 Casele de asigurări de sănătate şi direcţiile de sănătate publică au obligaţia de a organiza trimestrial şi ori de câte ori este nevoie, întâlniri cu medicii de familie pentru a analiza aspecte privind calitatea furnizării serviciilor medicale în asistenţa medicală primară, precum şi respectarea prevederilor actelor normative în vigoare. Acestea vor informa asupra modificărilor apărute în actele normative şi vor stabili împreună cu medicii de familie măsurile ce se impun pentru îmbunătăţirea activităţii. Neparticiparea medicilor de familie la aceste întâlniri nu îi exonerează de răspunderea nerespectării hotărârilor luate cu acest prilej.

ART. 15 (1) În aplicarea art. 39 alin. (1) din Contractul-cadru privind condiţiile acordării asistenţei medicale în cadrul sistemului de asigurări sociale de sănătate pentru anii 2011 - 2012, aprobat prin Hotărârea Guvernului nr. 1389/2010, cu modificările şi completările ulterioare, prin nerespectarea programului de lucru stabilit se înţelege absenţa nemotivată de la programul de lucru afişat pentru activitatea desfăşurată în cabinetul medical.

(2) Absenţa motivată se ia în considerare pentru situaţiile prevăzute la art. 3 alin. (2), precum şi pentru următoarele situaţii: citaţii de la instanţele judecătoreşti sau alte organe care au dreptul, potrivit legii, de a solicita prezenţa la instituţiile respective, cu condiţia numirii unui înlocuitor pe bază de convenţie de reciprocitate sau convenţie de înlocuire, ale cărui număr de telefon şi adresă vor fi afişate la cabinetul medical, precum și în cazul participării la manifestări organizate pentru obținerea de credite EMC, în scopul realizării punctajului necesar acreditării de către CMR. Pentru aceste situaţii medicii de familie trebuie să depună la casa de asigurări de sănătate copia documentelor justificative. În cazul în care medicul titular al unui cabinet medical individual are angajat medic/medici de familie, pentru perioadele de absenţă prevăzute anterior poate fi înlocuit de medicul/medicii de familie angajat/angajaţi.

ART. 16 Casele de asigurări de sănătate decontează furnizorilor de servicii medicale din asistenţa medicală primară, care au competenţa şi dotarea necesară, ecografii

generale (abdomen şi pelvis), la tarifele şi în condiţiile asistenţei medicale ambulatorii de specialitate pentru specialităţile paraclinice.

Medicii de familie pot efectua aceste servicii numai ca o consecinţă a actului medical propriu, pentru persoanele asigurate din lista proprie/din lista constituită la sfârşitul lunii anterioare, în cazul medicilor de familie nou-veniţi într-o localitate care încheie cu casa de asigurări de sănătate convenţie de furnizare de servicii medicale, pentru care este necesar a se efectua aceste investigaţii în vederea stabilirii diagnosticului, dacă în cabinetele medicale în care aceştia îşi desfăşoară activitatea există aparatura medicală necesară; medicii de familie pot efectua ecografii generale numai dacă au obţinut competenţă confirmată prin ordin al ministrului sănătăţii.

Numărul de investigaţii paraclinice contractat este orientativ, cu obligaţia încadrării în valoarea contractată.

Efectuarea serviciilor medicale paraclinice se desfăşoară în cadrul unui program suplimentar, stabilit în afara programului de lucru contractat pentru serviciile medicale din asistenţa medicală primară.

Art. 17 (1) Modificările ce pot interveni în activitatea unui cabinet medical din mediul urban, indiferent de forma de organizare a furnizorului, ca urmare a înfiinţării unui punct de lucru rezultat prin preluarea unui praxis nu pot face obiectul contractului încheiat cu casa de asigurări de sănătate.

(2) Modificările ce pot interveni în activitatea unui cabinet medical din mediul rural, indiferent de forma de organizare a furnizorului, ca urmare a înfiinţării unui punct de lucru în mediul urban rezultat prin preluarea unui praxis, nu pot face obiectul contractului încheiat cu casa de asigurări de sănătate.

ART. 18 Medicii de familie aflaţi în relaţie contractuală cu casele de asigurări de sănătate acordă servicii medicale pe baza unei programări, în conformitate cu prevederile Ordinului ministrului sănătăţii şi al preşedintelui Casei Naţionale de Asigurări de Sănătate nr. 44/53/2010 privind aprobarea unor măsuri de eficientizare a activităţii la nivelul asistenţei medicale ambulatorii în vederea creşterii calităţii actului medical în cadrul sistemului de asigurări sociale de sănătate.
